Once installed on your machine, find a PDF you want to work on, right click on it and select Open With. This should then give you the option to select Adobe Reader.

Once open, you will see your document with a tool bar on the left side, where you can select tools from within.

Once you select one of these tools, an additional menu will be visible to the right of this menu. Within these tools, you can select to: Select Text, Highlight, Type, Add a Comment or Type Text, Draw, and create Shapes.

By selecting these options, you can write, comment, highlight and create shapes and edit these with the menu that appears above your mouse or to the left side of the screen.

An example of these is use is below:
